# Bank - Money Transfer System

Problem Statement:

A bank named my-bank need Money-Transfer-System (MTS) to transfer amount between Account(s).

- After Login, we must show bank-dashboard screen
- Design UI for 'Transfer' and 'statement' modules
- To Initiate Transfer, user must select from & to accounts and enter amount.
- Customer can view
  - Top 10 Transaction
  - Current month Transactions
  - Last 1 or 3 month Transactions
  - Between date range

- Transactions statement can be viewed as HTML, PDF or Excel representations

  Note : PDF or Excel conversion should happen on browser-side only
